Facsimile (614) 262-0822

ATTENTION UNITED HEALTHCARE PATIENTS ONLY:

The physicians of Hand and Microsurgery Associates exhaust all non-invasive modalities of treatment, including short/long courses of therapy, before resolving to surgery. Surgery may not always be indicated or be the best option and therapy may always be indicated. Regardless, United Healthcare requires all patients receiving therapy services complete a Patient Summary Form.

In order to be proactive in patient care and treatment, we ask that **ALL** patients covered under United Healthcare complete the highlighted portions of the Patient Summary Form, which is enclosed. By completing this form, it allows Columbus Hand Therapy to notify United Healthcare that a patient is receiving therapy services.

As with all forms, patients may be asked periodically to update this information for United Healthcare.

We appreciate you taking the time to complete this form.

Should you have any questions about this form; a billing specialist will be available to assist you at your first appointment.

Sincerely,

Hand and Microsurgery Associates, Inc.
